Sponsor Plugs

Major League Hacking // Welcome Jarek

— — —

We have partnered with Major League Hacking (MLH), the official student hackathon league. They help to power over **200 events** all around the world with a network of **65,000 hackers**.

Check them out at mlh.io/event-membership, or check out a video on how they empower student run hackathons.

POWERED BY DELL | Windows

Judge Introductions

— — —

- William Kennedy, Ardan Labs, Potsdam Alumni, Class of 1991
- Jason Rotella, GE Digital, Clarkson Alumni, Class of 1995
- Dr. Timothy Fossum, Professor Emeritus, SUNY Potsdam
- Dr. Brian Ladd, Associate Professor, SUNY Potsdam
- Jeanna Matthews, Associate Professor, Clarkson University

Judging Criteria

— — —

25% - ORIGINALITY & CREATIVITY

Is the project new and something that hasn't been attempted before? How does this approach a unique solution to a problem?

25% - TECHNICAL ASPECT

Does your project utilize a wide range of tools and technologies? Were there real technical challenges?

25% - POLISH / DESIGN / EXECUTION

Did your team successfully execute your project concept? Is it usable? Does it work? Is it well designed? Is the user experience smooth?

25% - DEMO / PRESENTATION

You'll have 2-3 minutes for a demo where you tell us all about your project, followed by a Q/A. We're interested in how you solved problems.
